X&S&K&ou no Ojikan X Chapter 40 X END X

Presented to you by Chinatown KM as a ONE-TIME release.

Hi Im x&h from Chinatown KM. I got really bored one day, so I decided to read the next chapter of Gokukou. Oh yes I was a fan back then, haven't read it since years now. So yeah, I present you this as a one-off release. This means a couple of things...

- a) Not an official project
- b) More chapters are unlikely to be released (unless more than three people request or this is popular)
- c) Wasn't an English quality release - wasn't proofread (but Im pretty good at English I think)
- d) No one knew about this release not even I did, until the last minute.
- e) I don't know whether anyone else has this project on mind. YOU MAY CONTINUE IT JUST DONT DO THIS CHAPTER!

Anyway! I had some major trouble trying to remember her name. I've just been translating Gokujou Denshi to Kurashi Tamaki (smut manga) and the names of the girls are pretty similar. Riku and Ruku... which is which? I can't remember anymore. xD

At the start, I was like, CM&S, those rows look like... ?? But, after cleaning, I wonder if they were actually HQ rows
